Dear ██████████

attached I send all document for "Basic CBRN Course" in May 2026.

One VERY IMPORTANT thing at the moment, please.

As we mentioned previously, for organizing a course of this type, we need a licence/permission form Czech ministry of Industry and Trade.

This process will take from the part of Ministry about 60 DAYS!!!

And to apply for a licence, we need to have all necessary documents (agreement and notice) in official version. I mean signed from both sites.!!

Without it, we will not be granted a licence.

Please, time is running very fast and we have to start this process not later then next week.

Thank you for understanding.

Dear [REDACTED]

The email has received. In this email, I would like to reply the following questions.

- the number of 6 (basic course) and 9 participants (advanced course) is total? Does this number include students and the instructor?

No, 6 for basic and 9 for advanced course are total people we sent out. Instructor number from your SUJCHBO is not included.

- should we include transportation from Prague airport and back in the budget?

Yes, exactly same as the activities in Sep. 2025 would be perfect. The team will contact you or [REDACTED] via WhatsApp or telephone if meet some problems. Last September at Prague Airport, we missed the driver who came to pick us up by an hour. The problem was that we were not waiting at the same exit. We were probably at Terminal 1, while he was waiting outside Terminal 2 the whole time. In this time, we can agree on the meeting point in advance to avoid similar issues.

- should we include transportation from the hotel to SUJCHBO and back in the budget?

Yes, please.

- should we include accommodation in Příbram in the budget?

Yes, please.

- should we include dinners at the accommodation in the budget?

Yes, please.

We will discuss the detailed training content with our colleagues carefully and get back to you afterward. It will take about two or three weeks later, since the most important festival in China, the

Spring Festival, will come in three days(Feb 17, 2026), and the national holiday will last for nine days.
